

DESIGN LIKE A GIRL

SEEKING MENTORS

Design Like a Girl is a design mentoring program that introduces a diverse cohort of middle school girls to architecture and allied design professions. Three full-day workshops on Fridays throughout the 2026-2027 school year allow students to learn first-hand about these dynamic careers from local professional women and design students. Program participants are selected through an application process and engage in design activities, including sketching, model building, and presentations. There is no cost to participate.

WORKSHOP DATES:

- Friday, October 30th
- Friday, February 26th
- Friday, April 30th

Location

CU Denver College of
Architecture & Planning
1250 14th St, Denver, CO

Time

8:30am – 3:30pm
(partial day shifts available)

LUNCH AND PARKING PROVIDED!

Who Should Mentor?

DLAG CO is seeking female-identifying design professionals and students to guide, instruct, and inspire participants throughout each workshop. While we would love mentors to participate in all three workshops to get to know the participants, we understand it may not be possible. Multiple volunteer options are available.

REGISTER BY WEDNESDAY, OCTOBER 14TH
